

Q You wired him from Lavalette?

A From Lavalette, I think I wired from Lavalette, or—
yes, I am almost sure of that.

BY MR. PALZER:

Q Did you wire Mrs. Stevens?

A I think I wired her then, but I know that I called
her up on the phone after I got to New Brunswick from
Edwin Carpenter's house . We had an awful time getting
any connection over the wire. I am almost positive I
did wire her to New York, but I won't say for certain;
she knows; she has all that dope.

Q What time did your train get into New Brunswick?

A Around 6.30 daylight saving time, somewhere around
there.

Q Anybody there to meet you?

A Yes; Edwin Carpenter was there to meet me with his car.
I said "Edwin, what does this mean?" He says "Murder."
You see, I didn't know from seeing in the papers, whether
it was murder or suicide, what it was. He says "Murder."
So I went right directly to his house and we tried to
get Mrs. Stevens on the telephone and after I talked a
little while with the Carpenters, with the Edwin Carpen-
ders, I went over to my sister's house and I cannot
tell what we talked about there; everyone was talking.
